### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The Status identifier of claims 49 through 57 has been changed to --New--.

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: applicants arguments filed on June 06, 2005, with regard to the unexpected results in using the claimed polymers at high conductivities are convincing, (see page 8, second paragraph of the remarks filed on 6/6/05). Also the Terminal Disclaimer filed along with the above amendment overcomes the potential<sup>1</sup> Double Patenting rejection with copending application 10/696,834.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

---

<sup>1</sup> Potential has been used, because the Double patenting rejection was never made. The examiner was not aware of the copending application, until consulting with examiner Peter Chin on June 2, 2005.
